AMENDMENTS TO THE SPECIFICATION

Please replace the paragraph [0014] with the following amended paragraph marked up to show changes made relative to the immediate prior version.

[0014] In some embodiments an identity may be or include an individual person or a group of people. An identity context for the identity could be a state of "in meeting," "on vacation," "in the office," "out of the office," "roaming," "offline," "online," "unknown," "on business trip," "in transit," "mobile," etc. Thus, the identify context describes the availability of the identity. An identity context then may allow an identity to have an overall state that describes a work or non-work state that that the identity is in.
